

Prague Cake Cutting Machine - Food Cutting Machinery

The charm of the last century classic - "Prague" cake

It can easily be called "Russian luxury cake"

Cake Prague

Cake Prague - one of the most favored desserts in China. Despite the reference in its name, this cake has nothing to do with the Czech Republic. This famous chocolate dessert was invented by Soviet confectioner Vladimir Guralnik, who was the pastry chef of the Renowned Praga (Prague) Restaurant in central Moscow in the 1970s. The restaurant embodied the pinnacle of Soviet glamor. The "Prague" cake was among their most famous creations.

When someone tells you that the delicious Prague cake is quite easy to bake, they're not lying to you. However, the classic taste of the same time, you also need to give guests a perfect appearance on the visual enjoyment effect.
